We are excited to introduce new RV manufacturers to the Apollo & Star RV fleet for 2019.

For several years our Canadian brand CanaDream, have proudly run a leading-edge fleet of Forest River C-Class RV's and Coachman B Vans. This year we are introducing the fabulous Forest River "Forester" and Coachman "Beyond's" ranges into our fleet and we are super confident about the benefits this will offer to your guests.

Forest River & Coachman is part of one of the largest RV manufacturing groups in North America and we are working closely with them to deliver the highest specification of units: from the 2 berth Class B Vans to the larger Class C models ranging from 22ft models right up to the larger 33ft units.

We can't wait for you to experience these new products.

Our 2019 programme allows the first opportunity to experience these new units straight from the factory.
